VOLUME 70

ELBA, ALABAMA 36323, THURSDAY, OCTOBER 26, 1967

NUMBER 14

Burned Out Mill Not To Rebuild

According to Mr. J. A. Galtimore, manager of Flack Lumber Company here in Elba, whose sawmill burned October 5, the mill will not be rebuilt. A new modern mill with modern machinery would cost one-half million dollars and would not be justified, stated Galtimore.

The fire destroying the mill was caused by electric wiring or motors, it is believed. Damage was estimated at approximately one-quarter million dollars with partial insurance.

The pulpwood yard will continue to operate under least to Great Northern Paper Company of Cedar Springs, Georgia.

The planer mill will operate until all lumber on the yard has been disposed of, according to Galtimore. The company will continue to buy pulpwood and Galtimore will continue as manager. He has been with the Flack Lumber Company twenty-two years. The company operated in Elba for the past twenty-three years.

Elba contained the Samson eleven well and even when allowing them yardage midfield, there was none given up around the goal line.

The Elba Tigers met the Geneva Panthers here in Tiger Stadium Friday night at 7:30.

draws today advised by telephone C. Collier, President, Dorsey Trailers, Inc., and The Elba Clipper that the Defense Department was making an award of a contract to Dorsey Trailers in the gross amount of \$3,036,665.

G. L. Collier, President of Dorsey Trailers, stated that this consisted of 234

Model 128 vans and 210 Model 129 vans, or a grand total of 444 units. Mr. Collier stated that production on this contract would probably begin in early 1968 depending on availability of materials.

Alabama Co-op Pays Taxes To Alabama

Alabama Electric Cooperative in the past three weeks has paid out more than \$21,185 in taxes to the State of Alabama on electricity generated and sold during the past year.

The Andalusia-based cooperative generates and transmits wholesale electricity to distribute cooperatives, cities and large industries in South Alabama and Northwest Florida.

AEC paid some \$9,152 in late September on hydro-produced electricity. The tax is levied against cooperatives and private companies on the basis of electricity by the force of falling water. Amount of the tax fluctuates from year to year depending on the water supply.

The company paid \$12,032 in gross receipts tax October 15. This is a 4 mill tax on all electric power sold and applies equally to cooperatives and private companies. Other utilities such as water and gas pay a lower rate of 2 mills.

Alabama Electric will pay property taxes in the counties in which it owns property later in the season. It pays all taxes paid by private companies except income tax on profits since it operates as a cooperative, non-profit business selling electricity to its owner-consumers at only the rate necessary to operate.

Florida introduced a resolution to have the U. S. Army Corp of Engineers re-vamp the flood control survey of the Pea River basin. This resolution passed and Andrews is quoted as supporting it 100%. The next step towards completing the survey will be for the Army Engineers to place this project in their budget for next year and after the money is appropriated, work can begin.

Representatives of Congressman Andrews state that there is nothing that can be done on the local level at present, but when the budget is being studied, next year letters from local people to those doing the voting would help.

TV Star To Be In Elba Friday

Army Specialist Four Johnny Crawford, former star of "The Rifleman" television series, and now assistant director for an Army film on helicopter instrument flying, is on location at Port Rucker, Alabama, Johnny is assigned to the Army Pictorial Center, Long Island City, New York, where he will return after filming is completed here.

Crawford will be a special guest of the City of Elba at the Elba-Genova football game in Elba Friday night. He will be presented a key to the City by Mayor L. P. Mullins.

DAVID JANSEN. Movie star David Jansen takes a break while his crew gets ready to film scenes for "The Green Berets" Thursday (Oct. 19) at Ft. Rucker's TAC X, attactical flight training area just south of Elba.

730 To Answer Draft Call

Director Hugh J. Caldwell, Jr., said today that 730 young Alabama men will be called to the induction station in November, to fill a Selective Service call for 511.

The October Alabama induction call was for only 388 men, or 123 fewer than in November.

The nation's draft quota for November is 22,000 men, compared to 17,000 in October.

Caldwell said that in Alabama, some married men will be included in the November figure of 511. However, no fathers will be drafted. The call will be composed of registrants 19 years of age or older, in Class 1-A, and 1-A-0, examined and acceptable. County-by-county, the call includes six from Coffee County.

The nation will return to Central Standard Time Sunday (Oct. 29) at 2 a.m. To accomplish the switch, clocks are to be set back one hour.

In other word re-set your clocks before going to bed Saturday night, Sunday morning everyone will be back on Central Standard Time instead of Daylight Saving Time, as has been observed since late spring.

Fort Rucker announces the change in the clocks but calls attention to the fact that the time change has no effect on duty hours, which has been moved back 7:30 a.m. to 4:15 p.m. weekdays, and 7:30 a.m. to 4:30 a.m. Saturdays.

PTA Sponsors Carnival At School Tuesday

The Elba City School PTA is sponsoring a Halloween Carnival Tuesday night at the Elba High School. The events begin at 4 P.M., when the barbecue committee starts serving barbecue plates in the stadium. This last until 8 P.M.

The carnival activities begin at 5 P.M.

Clocks To Turn Back One Hour On Sunday

The nation will return to Central Standard Time Sunday (Oct. 29) at 2 a.m. To accomplish the switch, clocks are to be set back one hour.

In other word re-set your clocks before going to bed Saturday night, Sunday morning everyone will be back on Central Standard Time instead of Daylight Saving Time, as has been observed since late spring.

Fort Rucker announces the change in the clocks but calls attention to the fact that the time change has no effect on duty hours, which has been moved back 7:30 a.m. to 4:15 p.m. weekdays, and 7:30 a.m. to 4:30 a.m. Saturdays.

Dorsey Gets \$3 Million Contract

draws today advised by telephone C. Collier, President, Dorsey Trailers, Inc., and The Elba Clipper that the Defense Department was making an award of a contract to Dorsey Trailers in the gross amount of \$3,036,665.

G. L. Collier, President of Dorsey Trailers, stated that this consisted of 234

Truck Tags Are Available

owners are finding different set of charges on vehicle tags when they started paying October 1st. Tag charges are in addition to taxes on the vehicles. Tags for automobiles are \$13.75, for trucks and utility trailers, \$3.75.

Truck charges are based on the weight of the truck plus the heaviest load to be hauled. It is necessary to assess trucks by gross weights and not as in past years when costs were based on one-half ton, three fourth ton, one ton, etc.

According to state regulations it is not permissible to assess with the manufacturers listed weight but owners must know the actual weight of the truck plus heaviest load capacity. A license issued and not sufficient to cover a loaded truck, a citation will be issued and then the truck owner would have to forfeit all cost of license tag, plus penalty and citation fees.

Attention is also called to the fact that privilege licenses for business firms are also due and become delinquent November 1st.

Pharmacists To Attend Workshop

Pharmacists in the Enterprise area will meet at the Enterprise Junior College November 1 for the second in a series of four workshop sessions that will help bring them up-to-date on the fast-changing drug industry.

The instruction, part of Auburn University's continuing education for pharmacists, will be conducted by Pharmacy Professor George W. Har-

grees of the Auburn University School of Pharmacy. Late registration will be accepted at the meeting which begins at 7:30 p.m.

Those already registered are: Herbert S. Haire and Margaret S. Haire of Elba.

Halloween Dance Planned At Country Club

Following the ballgame Friday night, October 27, a Teen-Dance will be held at the Elba Clubhouse. A band will be there to furnish music. Admission will be charged.

The old gym was destroyed by a hot, rapid spreading fire which was apparently caused from lightning during a severe thunderstorm. The fire was spreading so rapid that it was necessary to call in help of firemen and equipment in them. These were damaged by smoke and water but no fire actually reached them.

The entire gym and contents were destroyed with the exception of dressing rooms and the equipment in them. These were damaged by smoke and water but no fire actually reached them.

Kinston Native In Viet Nam

Chief Machinist Mate Euvhon Reeves, USN, son of Mr. and Mrs. Oble C. Reeves, of Route 1, Kinston, Alabama, and his wife, Judith Norene Brewer of Route 1, Samson, was aboard the destroyer USS New when the ship fired its first combat rounds off the coast of Vietnam.

Saturday night from 8 until 12 o'clock a semi-formal dance will be held for the adult members with a band providing the music. Guest will be permitted if accompanied by a member. Tickets for the adult dance may be purchased in advance from Owen Ziglar, Glen Vaughan, Donnie Morrow, Joe DeVane, or James Maddox.

Police Chief 80 Dunaway was caught by the camera as he beautified the streets of Elba. Dunaway was overseeing the work of a local citizen sentenced to hard labor and to prevent idle hands, he pitched in and worked.

HALLOWEEN Carriage OCT 31

BOO !

School Settles Insurance

Insurance has been approved to be paid on the Elba High School gym that was destroyed by fire July 1, 1967 in the amount of \$78,392.55. This is a minimum of approximately fifteen to twenty-five thousand dollars less than it would take to rebuild the gym in the same condition as before the fire, due to depreciation of the building.

A bill was introduced by Drexel Cook, Coffee County Representative, and was passed in the recent session of the legislature for a conditional appropriation of \$160,000.00 to be used in rebuilding the gym. Planning has been delayed on the rebuilding of the gym because of settling the claim with the insurance adjusters and waiting for the conditional appropriation to become absolute.

The above information has been released by the Elba City School Board. The Board plans to build a large gym - Physical Education Complex on the school grounds when the state funds become available.

The old gym was destroyed by a hot, rapid spreading fire which was apparently caused from lightning during a severe thunderstorm. The fire was spreading so rapid that it was necessary to call in help of firemen and equipment in them. These were damaged by smoke and water but no fire actually reached them.

The entire gym and contents were destroyed with the exception of dressing rooms and the equipment in them. These were damaged by smoke and water but no fire actually reached them.

THERE MAY BE some who regret to see Daylight Saving Time go but put me down for one who is happy to see it exist. I'm tired of getting up so long before daylight. I'll take regular time, anytime. I had rather get up an hour earlier by the clock than attempt to fool myself that it is "later than you think."

Anyhow, at 2 a.m. Sunday

morning we go back to Central Standard Time and I'm glad. In fact I keep telling myself "Sunday morning we can get back to normal."

Sunday church goes on for several months, though by the clock it will remain the same time. You can go to work an hour later but by the clock it will remain the same time.

Daylight Saving Time just

about worked me to death. I haven't seen yet where it saved any time nor that we had any more time to play, whatever that means. Farmers said the cows and chickens refused to operate by Daylight Saving Time and that they continued to let the sun and daylight guide them. And people living in the rural areas just weren't very happy about putting the kids on school buses before daylight.

I notice by news stories that many did not enjoy "getting up in the dark." There are a lot of mixed emotions about the effects of Daylight Saving Time but I think regular time has the edge.

If I have to work during dark hours I'd prefer that it be "after dark" and not "before daylight."

TRAVELING ALABAMA

BY WARNER FLOYD

More than 600,000 people have walked the massive decks of the Battleship Alabama since the battle-starred warship was saved from scrap and made a national shrine less than three years ago.

Now anchored proudly in Mobile Bay just off Battleship Parkway, the 35,000-ton ship won nine battle stars for her World War I heroics. The U.S. Navy returned the valiant vessel in 1947 and later destined her for the scrap heap.

Alabama's \$200 million battleship is 680 feet long, 104 feet wide and 10 feet high. It was launched on February 16, 1902 at Norfolk, Va. Shakedown and training cruises completed, the ship first saw combat with the Atlantic Fleet at Tarawa in 1943. She won six battle stars in 1944, training her nine 16-inch guns on strategic

targets near the Marshalls, Hollandia, Marianne, Carolines and Philippines. The ship added two more war stars for battles at Okinawa and Japan. When the war ended the USS Alabama led the allied fleet into Tokyo Bay.

After the battleship was opened to the public in January, 1955, someone noticed that the original "Kingfisher" seaplane was missing. Within six months the battleship commission had traced the small aircraft to a Mexican island and bought and returned the seaplane home to the mother ship.

The 4-H officers for Mrs. Roten's section of the Elba 4th grade are, standing left to right, Bobbie Jean Maynard, Donna Bragg, James Meacham, Jo Ruth Kendrick, John Stephens, Mrs. Carol Roten, Randy Chappell, Bill Brunson, Joey Pierce, and Jana Brown.

New Course Offered At University

A curriculum leading to the A.B. degree in International Studies is being offered for the first time at the University of Alabama this fall. The three purposes of the new program are to increase student understanding and sensitivity to international systems, prepare secondary school teachers in social studies, and prepare post-graduate trainees for international studies.

Goodman

Betty Spivey, Reporter

The Goodman Jr., Girls held their first meeting for the year of 1967-68 at 9 o'clock, October 18th in the seventh grade room, Mrs. Virginia Dykes, the Extension Home Agent, presided until a president was elected.

The purpose of the meeting was to elect officers. The state of officers for the school term are as follows:

President, Ida Johnson; vice - president, Linda Grimes; secretary, Rhonda Howell; reporter, Betty Spivey; devotional leader, Barbara Grimes; song leader, Becky Donaldson, and Ginger Addison; game leader, Dianne Rogers and Linda Allen.

Immediately following the election of the officers, each member filled out an enrollment card. Mrs. Dykes then explained the program for the year.

A short game session was then enjoyed led by Dianne and Linda. Each member is looking forward to another successful year of 4-H.

NEW HOPE

Beverly Strength, Reporter

The New Hope Elementary Girls 4-H Club met Wednesday, October 11. The following officers were elected: President, Debra Helms; vice president, Nickie Sexton; secretary, Joe Ann Acerman; reporter, Beverly Strength; song leaders, Cathy Senn and Lisa Tindal; game leaders, Nell Mitchell and Betty Walker.

The meeting was adjourned to Wednesday, November 8.

COFFEE NEWS & CHAT

BY: SARA E. HUTCHINSON

APPLES Apples are very plentiful now, so why not serve them often at your house. You'll never get tired of apples if you explore the many ways of serving them. My family likes to fill a cored center of a baked apple with vanilla ice cream. If you want to, top with thawed frozen berries.

SUDS Have you ever had too many suds in the wash water? This happens sometimes when washing clothes which are not too soiled. A cup of vinegar added to this rinse water will remove the suds. Rinse again and the clothes will dry sweet and soft.

CLUB MEETINGS This week's clothing leaders have given programs in Extension Homemakers Clubs on setting in zippers and sleeves. Mrs. Obie Ellis, leader in the Goodwill Homemakers when the club met with Mrs. Roy Ellis. The Wesley Chapel group leaders were Mrs. Palmer Carmichael and Mrs. Hansel Byrd.

This afternoon the Kingston Club members met at the City Hall with their leader Mrs. Sarah Raab. The Calvary members will meet tomorrow with Mrs. L. I. Murphy and Mrs. Jim Hudson will be their leader.

BULB STORAGE Several phone calls have come this week asking about bulb storage. If you have summer bulbs such as calladiums, dahlias and gladioluses they may not survive the winter if left in the ground. Therefore, you'll want to dig and store bulbs before the first kill-

ing frost.

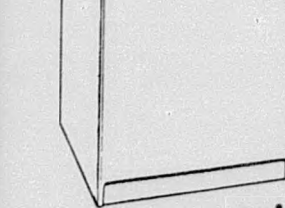

Place the tubers in a dry shady place, let them dry, then remove all old leaves and roots. Discard diseased bulbs, then label and sort them according to variety, and dust with a fungicide and insecticide. Store calladiums in moist, but not wet, peat moss or vermiculite in a room with a temperature of 60 degrees Fahrenheit. Check the tubers frequently to make sure they aren't too moist.

Place dahlias tubers in boxes and completely cover with sand, sawdust or vermiculite. If they begin to shrivel, sprinkle lightly with water.

Mesh fruit or vegetable bags, which provide the needed air circulation make ideal storage bags for gladioluses.

COUNTING CALORIES How many calories do you need? Multiply your ideal weight by 18 for a woman, or 21 for a man. This will give you the approximate number of calories used daily by a moderately active adult.

Captain Christian In Viet Nam With Air Force

Captain Teddy R. Christian, whose wife, Shelby, is the daughter of Mrs. M. Boswell of Rt. 1, Sunset Blvd., Elba, is on duty at Tuy Hoa AB, Vietnam.

Captain Christian, a C-130 Hercules pilot, is a member of the Aerospace Rescue and Recovery Service in support of the Pacific Air Forces. Before his arrival in Southeast Asia, he was assigned to the 48th Aerospace Rescue and Recovery Service at Eglin AFB, Fla.

The captain, who attended Bristow (Okla.) High School, received a B. S. degree in 1957 from Oklahoma State University and was commissioned there upon completion of the Reserve Officers Training Corps program.

'68 CHEVY II NOVA COUPE

The day of the plain Jane economy car has come and gone. Chevrolet has something far finer to offer.

LONG HOOD, SHORT DECK You get your economy now under Nova's new sweep-back roof. You get your engine dependability under Nova's new long hood. You get your rust prevention beneath Nova's new rounded fenders and larger body.

SUPERLATIVE RIDE You get the smoothest in handling, too. The wheel stance is wider, the rear suspension has been redesigned, and there is a new cushion-mounted front end. Nova feels like it's a thousand pounds heavier. It rides with amazing silence and smoothness.

NEW ALL OVER The grille is new. The interior is new. (There's even a special custom interior you can order, the likes of which no economy car has ever offered before.) The standard V8 is bigger, more powerful. So is the standard Six with its new Monojet carburetor that contributes to greater efficiency, economy and performance. There are many new safety features, including energy-absorbing front seat backs to go along with the proved GM-developed energy-absorbing steering column. And when you equip a Nova with the SS package, you look out over a special hood and black accented grille, housing a 350-cubic-inch Turbo-Fire V8.

Front to back, Chevy II Nova's now a driving enthusiast's kind of car but, fortunately for you, it still comes at a saving enthusiast's kind of price. Very low.

For so little: \$2261.00

Manufacturer's suggested retail price for standard Six Chevy II Nova Coupe shown above includes Federal Excise Tax, suggested dealer delivery and handling charges. Model shown above equipped with optional Custom Exterior \$24.30, White Walls \$31.35, Wheel Covers \$21.10. Transportation charges, accessories, optional equipment, state and local taxes additional.

Be smart! Be sure! Buy now at your Chevrolet dealer's.

Local DAR Chapter Meets At Country Club

The John Coffee Chapter of DAR held the October meeting at the Elba Country Club with Mrs. Fox Brunson, Mrs. K. D. Branson and Mrs. H. C. Tindal as hostesses.

Fall decorations of the national colors were used. Mrs. Baxter Bryan, Regent, presided. A regular routine of business was held. The reading and approving of minutes of previous and called meetings were approved.

Mrs. Marion Brunson read the President General's message, the theme concerning the Constitution Hall.

Mrs. W. E. Martin gave

Azalea Garden

Club Meets With

Mrs. Hamm

The Azalea Garden Club held the October meeting at the lovely home of Mrs. Mose Hamm. Delicious fruit cake and coffee was served by the hostesses, Mrs. V. C. McCrory and Mrs. Duke Tatum.

Mrs. Boyd Murphree, president, presided over the business meeting. Reports of different committees were given. After the business the meeting was turned over to the program chairman for the morning, Mrs. Hamm's sister, Mrs. Mathews, who is a florist in Luverne, was introduced. She had many very beautiful, interesting and attractive Christmas arrangements for home decoration, inside and outside. The art of making these different materials, sprays, plants and various other articles were shown.

Mrs. Hamm also gave details in making many attractive decorations that she uses in her home.

Other members present were: Miss Mabel Brunson, Mrs. Baxter Bryan, Mrs. Fred Clark, Mrs. C. E. Dorsey, Jr., Mrs. L. P. Mullins, Mrs. F. H. Murphree, Mrs. Price Ringo, Mrs. Sam Rowe, Miss Zedie Rowe, Mrs. Flourence Whitman, Mrs. Oscar Vaughan.

Friends are glad to learn that Mrs. H. D. Tillman is now at home and is doing well. She was confined to a Montgomery hospital for several weeks where she was seriously ill.

Please observe the following visiting hours: 10 a.m. to 11:30 a.m., 2 p.m. to 4 p.m. in the afternoon, and 7 p.m. to 9 p.m. in the evening.

Persons admitted to the Elba General Hospital during the period of October 17, thru October 24, 1967, were the following: Mary E. Stewart, Donnie Morrow, W. H. Goodson, Nadine Fuller, Albert Ramsey, Jean Wright, Velma Lee, Elinor Buford, Shirley Jean Mattox, William C. McGuire, Hazel Hall, Lizzie Catlett, Christine Bowden, Louis P. Inman, Julian Mobley, Willie S. Kelley, Gloria Jean Jenkins, Malzie Nelson, Ann Smith, Judy Harrison, Alex Zielinski, Agnes Lee, Jim Walker, Mable Watson.

HOLD THAT HAIRDO!

Droopy, hard-to-manage hair can be one of the most frustrating beauty problems. You shampoo it, set it, brush it into your favorite style, then it immediately collapses. What a dispirited hairdo needs is Adorn, the self-styling hair spray with extra-holding power specially formulated for hard-to-control hair. There are all sorts of tricks you can use to rescue a droopy hairdo. Transform lack locks into a happy flip by first spraying lavishly, then with a comb, chip up the ends with.

When returning the ice-cube tray to the refrigerator, refill with hot water.

Estelle Hutchison Dies in Elba Hospital Friday

Estelle Scarbrough Hutchison, passed away October 20 at the Elba General Hospital.

Funeral services were held at the Church of Christ with minister Raymond Elliott officiating. Burial was in Evergreen Cemetery.

Hayes Funeral Home directing.

She is survived by a daughter, Mrs. J. V. Wright of Elba.

Calvin Hodge Buried Friday

Calvin H. Hodge, 80, died October 18, at the Elba General Hospital. He was a lifelong resident of this area. He was born August 30, 1887.

Survivors include two sons, Jamies Hodge and Curtis Hodge, both of Elba; seven daughter, Mrs. Fannie Mae Guner, Mrs. Arkey Bowers, Mrs. Lena Rushing, Mrs. Thelwell Hudson, Mrs. Odell Hudson, Mrs. Bernice Haire, Mrs. Mrs. Nelveta Johnson.

Funeral services were held Friday morning at 10 o'clock at the Elba Baptist Church, Haynes Funeral Home directing.

Services Held Sunday For Grover Odom

Grover Odom, age 61, died at his home October 21 of a heart attack. He was born February 4, 1906 in Covington County. He was a member of the Elba Baptist Church.

Survivors include the wife, Mrs. Bernice Odom; two sons, C. B. Odom and J. W. Odom; two daughters, Mrs. Alva Davis, of Slocum, Alabama, Mrs. Mary Robinson of Montgomery and Mrs. Bula Franklin.

Funeral services were held Sunday afternoon at 2 o'clock at the Harmony Baptist Church with Bro. John Carney and John Davis, officiating. Burial was in the Harmony Cemetery.

Airport Construction In State Increases

Richard Arthur, Director of the Alabama Department of Aeronautics, states that the Alabama Airport Construction Program for the fiscal year 1967 was the largest construction year of any since the Alabama Department of Aeronautics began making state grants to assist with airport construction.

During this fiscal year the Alabama Department of Aeronautics made payments on state grants in the amount of \$706,268.25 on projects costing in excess of \$5,150,000.00.

With this large construction year it brings the total number of cities in Alabama with paved runways to 82, and 71 of these paved runways have runway lights.

Alabama has a total of 180 public and private airports and this number does not include military fields. 116 of these fields are available for general public use; have state airport licenses as required by state aviation law and are listed in the Alabama Airport Directory.

Pam can't keep a secret. She'll probably tell us what she wished before the cake is half eaten.

Whatever her wish, it will be for a little girl type of thing.

But—what of me? What do I wish for my daughter? Success in a career... happy marriage... children... a beautiful home... a fair share of worldly goods... health... happiness?

I suppose I wish all of these things for Pam, in some measure. But if I had to limit myself to a single wish—I would ask for her a deep and abiding faith. How wonderful it is to have an unshaken belief in God's ways and His works, plus the conviction of His love for us.

Some of us may be limited in our ability to give our children material things, but we need never stint on teaching them spiritual values. Start taking your children to church and church school this Sunday.

FUTURE GRAZING

I had a good visit with George Law and sons Harold and Morris of the Frisco Community a few afternoons ago. Frisco is located north of the New Hope Community and it has a lot of activity. I found Harold busy cleaning out broiler houses and spreading the manure on upland grasses and clovers. They are planting some of the new clovers including Ar-

FARM NEWS

rowleaf and Regal. In experiment station tests both of these have made good yields. If they can get a stand, I know that they are going to have some good grazing before Christmas. Harold had this to say about their grazing, "We're fed well for spring and summer grazing. We are doing something about our fall and winter grazing."

Those of you who are interested in beavers are invited to a beaver symposium which is to be held at the Whitley Hotel, Tuesday and Wednesday of this week in Montgomery. Subjects to be discussed include beaver control, research, management of beaver impoundments, discussion called "Beaver -- An Asset or Liability." This meeting is being sponsored jointly by the Alabama Department of Conservation and the Alabama Forest Products Association. I hope that they will publish some of their research so that we can learn more about control here in Coffee County.

Broiler Industry In Unusual Price Slump

The present broiler supply is a shade below levels at this time last year, while prices are two to three cents a pound lower. "The current market slump is unlike previous low price periods which resulted from increased production," said Extension Service Poultry Marketing Specialist Wilson Lee. "Outside influences have caused unexpected low prices in the broiler industry in recent weeks."

Factors contributing to the low market include the riots in major cities which have disrupted normal supply; frozen food processors producing more fresh, ice-packed chicken; the late start of the Department of Agriculture's school lunch purchase program; and the decline of chicken exports. "Some retailers are al-

"An American is the most ambitious individual on earth. He works from morning till night, then moonlight on the side to keep his earning power up to his earning power." — Lee Call, Star Valley (Afton, Wyo.) Independent.
